

Results of Town Hall Meeting

March 4, 2019

As you know, our Town Hall meeting was held yesterday, and we were very pleased to have approximately 150 people attend the meeting. During the presentations, many questions were asked and answered in much detail. I hope I have made it clear these past few weeks that my main concern in this whole process was to be as open and honest as possible. I am so pleased with the turn out for this meeting.

The result of yesterday's Town Hall meeting was a vote of 110 to build a new office building first, followed by the renovation of the church basement. Seven (7) people voted to continue with the original plan of renovating the church basement first. Two (2) people indicated that they did not like either option. I respect their input.

Although I imagine that some parishioners were disappointed in the outcome, it is my sincere hope that they understand that I and the parish are committed to a timely completion of the renovation. I hope that anyone who has any concerns or disappointments will feel free to talk to me or to one of the team and that we will all be able to work together in the months ahead to bring about the successful completion of ALL our projects.

Finally, sorry for not sending out this note immediately yesterday. I was just too worn out from the meeting to concentrate properly on writing this important note.

Fr Pat, Melissa, Bob and team
